The Appeal of the Old Lady Who Swallowed a Fly Puppet

The old lady who swallowed a fly puppet has become a beloved tool for educators and entertainers. Its appeal lies in several key aspects:

1. Engaging Storyline

The absurdity of the old lady's actions creates a humorous and engaging narrative that captivates audiences. The repetitive structure allows children

to anticipate what will happen next, encouraging participation and interaction.

2. Educational Value

Using the puppet in storytelling provides numerous educational benefits:

- Vocabulary Development: The repetitive nature of the song introduces new words and phrases, enhancing language skills.
- Concept of Cause and Effect: Children learn about consequences through the old lady's increasingly ridiculous actions.
- Memory and Recall: The rhythm and repetition help in reinforcing memory, making it easier for children to remember the sequence of events.

3. Encouraging Imagination and Creativity

Puppetry encourages children to engage their imaginations. They can create their own versions of the story or even invent new characters that the old lady could swallow. This not only fosters creativity but also promotes storytelling skills.

How to Use the Old Lady Who Swallowed a Fly Puppet in Storytelling

Using the puppet in storytelling can enhance the experience for both the storyteller and the audience. Here are some tips on how to effectively incorporate the old lady who swallowed a fly puppet into your storytelling sessions:

1. Setting the Scene

Create an engaging environment for your audience. Use colorful backdrops or props that reflect the whimsical nature of the story. This sets the tone and captures the attention of your audience.

2. Introducing the Puppet

Introduce the puppet with enthusiasm. Give the old lady a unique personality—perhaps she has a quirky voice or a distinctive way of moving. This helps to build a connection between the puppet and the audience.

3. Interactive Elements

Encourage audience participation by prompting them to sing along or shout out what the old lady should swallow next. This interactive approach keeps children engaged and enhances their enjoyment of the story.

4. Using Sound Effects and Music

Incorporate sound effects or background music to add layers to the performance. Sounds of buzzing flies or playful music can enhance the storytelling experience and create a lively atmosphere.

5. Follow-up Activities

After the puppet show, engage the audience with follow-up activities. You can:

- Host a discussion about the story and its themes.
- Encourage children to draw their favorite scene or character.
- Have them create their own puppet versions of animals from the story.

Creating Your Own Old Lady Who Swallowed a Fly Puppet

For those interested in bringing the old lady to life, creating your own puppet can be a fun and rewarding project. Here's a step-by-step guide to making a simple version of the puppet:

Materials Needed

- Sock or glove (for the puppet body)
- Craft felt or fabric (for features and clothing)
- Googly eyes
- Glue or fabric adhesive
- Scissors
- Markers or fabric paint
- Optional: Yarn (for hair)

Step-by-Step Instructions

1. Choose Your Base: Start with a sock or glove that will serve as the puppet's body.
2. Design the Face: Use googly eyes and fabric to create the face. Glue on the eyes and cut out felt to make a mouth.
3. Add Hair: If desired, glue yarn to the top of the puppet for hair.
4. Dress the Puppet: Use fabric to create a dress or outfit for the old lady. You can be as creative as you like!
5. Finishing Touches: Add any additional features such as a handbag or accessories to give your puppet personality.
