Additional Resources

1. *Olio* by Tyehimba Jess

This Pulitzer Prize-winning book is a powerful blend of poetry and history that explores the lives of African American performers in the late 19th and early 20th centuries. Through innovative verse and multimedia elements, Jess brings to life the stories of forgotten artists who shaped American culture. The book challenges traditional narrative forms and celebrates resilience, creativity, and the complexity of Black identity.

2. *Citizen: An American Lyric* by Claudia Rankine

Rankine's genre-bending work combines poetry, essay, and visual art to address race, identity, and microaggressions in contemporary America. Like Jess's **Olio**, it uses innovative forms to engage readers emotionally and intellectually. The book prompts reflection on systemic racism and personal experience through a deeply lyrical lens.

3. *Don't Call Us Dead* by Danez Smith

This poetry collection confronts themes of race, queerness, and mortality with raw intensity and lyrical prowess. Smith's work resonates with Jess's focus on marginalized voices and historical contexts, weaving personal and political narratives. The poems challenge readers to consider the ongoing struggles faced by Black communities in America.

4. *The Collected Poems of Langston Hughes* by Langston Hughes

As a pioneering figure of the Harlem Renaissance, Hughes's poetry celebrates Black culture and addresses social issues with rhythm and accessibility. Jess's **Olio** often references historical poets like Hughes, connecting past and present artistic expressions. This collection offers foundational insight into African American literary traditions.

5. *Blues in the Dark* by Kevin Young

Young's poetry explores African American music, history, and memory, much like Jess's exploration of performance and identity. The collection captures the melancholic beauty of blues and jazz, reflecting on cultural heritage and personal loss. Its evocative language and themes complement the spirit of **Olio**.

6. *Life on Mars* by Tracy K. Smith

Smith's Pulitzer Prize-winning collection delves into space, science fiction, and human connection, blending the cosmic with the intimate. While stylistically different, it shares **Olio**'s innovative approach to poetry and exploration of identity. The book invites readers to consider humanity's place in the universe through a poetic lens.

7. *The Tradition* by Jericho Brown

Brown's collection addresses race, violence, and family through tightly crafted, emotionally charged poems. His work, like Jess's, pushes formal boundaries and confronts difficult social realities. **The Tradition** offers a contemporary perspective on Black experience and resilience.

8. *Native Guard* by Natasha Trethewey

This Pulitzer Prize-winning book combines history and personal narrative, recounting the lives of Black soldiers during the Civil War. Trethewey's blend of memoir and historical poetry parallels Jess's method of resurrecting overlooked stories through verse. The work emphasizes memory, loss, and survival.

9. *Black Nature: Four Centuries of African American Nature Poetry* edited by Camille T. Dungy

This anthology gathers poems that explore nature from African American perspectives, highlighting a diverse range of voices and styles. Like **Olio**, it broadens the understanding of Black literary tradition and challenges stereotypes. The collection celebrates the connection between environment, identity, and history.
